OUR STORY-ABOUT LUSH

Having started as a small business we have been in the StoneWork business for nearly 20 years in India. With this experience we have been able to acquire skilled craftsmanship and proficiency in this field. Now we have started expanding our business overseas.

“It is not the strongest or the most intelligent who will survive, but those who can best manage change.”
Leon C. Megginson

Going Global has been the change we have been awaiting and here we are to best serve you and your business with the proficiency attained through our experience. So, come let's build something together

OUR SUPPLIES

The Indian stone industry has evolved into the production and manufacturing of blocks, flooring slabs, structural slabs, monuments, tomb stones, sculptures, cobbles, pebbles and landscape garden stones.

There are million cubic meters of Granite reserves in India in over 200 shades. India has also been ranked among the topmost countries in the export of processed product.

With this abundant supply of Granite stones, we will be able to satisfy you with all suitable kinds of services. We will also be able to offer wide variety of granite monuments of widespread colors, shapes and sizes.

OUR TEAM

Our Operations team consists of skilled craftsman, who delivers every monument with utmost accuracy and proficiency. With a very strong team like this we have been able to build a very experienced and powerful business over the years. Our team understands the requirements of the customers and can fulfil every request with utmost care and detail. With this team we can assure the best of quality and timely delivery.

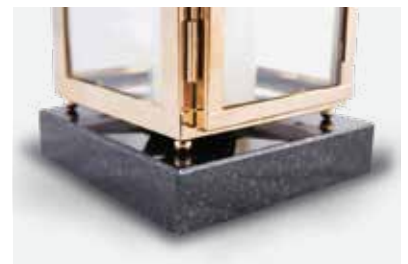

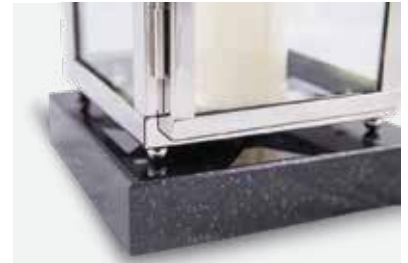

We have unique lantern designs which are exclusively made and supplied by our company. These lanterns are assembled with Granite, stainless steel and are adaptable to electric and grave candles. These enchanting models adds more beauty to the surroundings. Since, we have a very strong supply of these lanterns, we would be able to serve lanterns that would last a lifetime.
